

Important Instructions!

COOL 'N DRY® PET SHAMMY

- **Dries or cools your dog or pet fast.**
- **Use the product wet. The smooth side is for absorbing or drying. The textured side is for cooling.**
- **Wrings out easily when drying your dog or pet – pet hair just washes or shakes off easily.**
- **Holds 50% more water than ordinary towels.**
- **Used wet, the microporous shammy keeps your dog or pet cool and comfortable in hot weather. Place textured side against dog or pet. Cool 'N Dry can also be used as a cooling pad – have dog or pet stand on (or sit on) Cool 'N Dry. Add water to increase cooling effect of towel.**
- **Lasts for years with proper care.**
- **Resistant to most chemicals, solvents, greases, and oils.**
- **Super strong – reinforced to prevent ripping and tearing.**
- **Useful year-round on wet pets, wet floors, and wet furniture.**

CARE OF PRODUCT

- **If stuck together or hard like cardboard, do not peel apart. Soak for about 10 minutes in warm water. Better yet, wash with normal laundry as described below. It will come out perfect!**
- **Machine wash with liquid detergent and/or ammonia – avoid bleach.**
- **Do not dry in dryer. Product is used wet.**
- **PVA sponge is not affected by mold, mildew, or odor. If this should occur, wash as shown above with ammonia. If product continues to have mold or mildew (brown, black, or green spots), soak in a 5:1 solution (5 parts water for 1 part liquid bleach) for about 5 minutes. NOTE: Product color may fade due to bleach. Test for fastness!**
- **This material can be cut into smaller sizes with sharp scissors.**
- **Store clean product (wet) in a clean zip bag or original container.**
- **Product works even better after washing several times.**
- **For extended periods of time, store in dry form to avoid mold or mildew.**
