## **The Super 6-in-1 Autochanging Screwdriver**

### **USE OF THE PRODUCT**

This is by far the handiest screwdriver we have ever seen - and we've seen a lot! The pump action of the handle allows a hidden chamber to store 6 screwdriver bits (3 Phillips and 3 Flat Head included).

- Simply push the button, pull handle back, rotate to the desired bit, and push handle back into locked position. Like magic - the bit is in position - ready for immediate action. **IMPORTANT: Do not turn the handle until pulled back completely as the bit in the chamber may jam.**
- Comes with 6 different sizes of screwdriver bits (3 Phillips and 3 Flat Head).
- Since the tips are magnetic, you can easily change the bits to more specialized bits that you may have in your tool box.
- Rubberized handle for great gripping action.
- Available in 4 cool colors: Tomato Red, Clover Green, Deep Blue, and Beeswax Yellow.
- Every toolbox, auto, or RV needs one. Don't forget one for the office, too!
- Great for Father's Day, Christmas, or other holidays.

**NOTE:** Manufacturer offers a 30-day replacement or money-back guarantee for this product.
